

Series | Bellows vacuum cups SB

Bellows vacuum suction plates Softgrip – SBPL-SG

Bellows vacuum suction plates Softgrip – SBPL-SG

Product description

Vacuum suction plate with 1.5 folds for gentle handling of heavy but sensitive products (e.g. glass plates). Divided support surfaces prevent deformation of the product and provide a firm grip. Additional safety sealing lip on the support block positions the product orthogonally to the ground.
Connection via an interlocking, snap-in aluminum plate.

Advantage

- > Very careful handling due to soft sealing lip and lightly compressing bellows
- > Cleats provide product support
- > Cost-effective replacement of worn seals
